

OBSERVATION REPORT

Child's Name _____ **Parent's Name** _____

It is required that each family that registers with the ESM has observed at least three events. It is suggested that one be a group class, one be a private lesson and the third be a concert or another class. Here are some suggestions to assist in your observation:

1. What do you see as the role the parent plays in the lesson? Can you see yourself fulfilling this role comfortably?
2. What is the tone of the lesson? Could you set this atmosphere at home?
3. Do you think your child is ready? Can he/she follow instructions, concentrate, sit quietly and attentively while observing others, and is he/she ready to learn?

Class Observed (group, private, concert) _____ Date _____

Teacher _____ Student or group _____
